Dear Matthew Keegan,

ASME has approved your request to use additional buildings located at the above address to operate under the QC Program describe in your QC manual.

Any Code work performed at the additional buildings with this letter shall be noted in the Remark Section of the Manufacturer's Data Report. The address appearing in Item #1 of the Manufacturer's Data Report will be the address appearing on the Certificate of Authorization under which the additional buildings are operating.

At the time of the renewal of your Certificates of Authorization you will need to fill out a Supplemental Application listing the additional shops so adequate time can be allotted to conduct the renewal review. Upon completion of the renewal process, the certificate transmittal letter will indicate the approved additional building in the subject line.
